Times Higher Education World University Rankings by Subject 2022

Join HKU, Join the World

Continuously ranked the 1st in the World's Most International University Rankings by the Times Higher Education, HKU embraces cultural diversity and brings together bright minds from various perspectives. We are home to an incredibly diverse body of talented and inspiring students from all around the world.

Make Your Future Bright

HKU graduates continue to achieve full employment for 16 consecutive years and are recognised as the 10th "Most Employable Graduates in the World" by QS Graduate Employability Rankings 2022. From internships, learning and exchange programmes, to community engagement initiatives in Hong Kong and around the globe, the multifaceted opportunities offered by HKU nurture students to attain all-rounded development and secure promising career prospects.

Develop Yourself to Become a Pioneer

Unlock your potential and get prepared to become the leader of the future at HKU! Targeting to meet the latest global needs and trends, HKU offers programmes in areas such as big data, bioinformatics, and digital technologies to accommodate the rapidly changing market demands. You will be equipped with the necessary skills to excel in this dynamic and fast-pacing world.

World-Class Faculties and Research Facilities

HKU is ranked the 1st in Hong Kong and 21st in the World in the QS World University Rankings 2023. Our academic excellence and world-class reputation are derived from the exceptionally high standards of teaching and continuous breakthroughs in a number of research fields. At HKU, you will interact with and learn from students, professors, alumni, industry leaders, and more from many different corners of the globe.

Experience Life in the Greater Bay Area

Located at the heart of the city, HKU takes a prominent role in the sustainable development of the Greater Bay Area through advancing academic integration and fostering students with diversified learning and internship opportunities. Explore the incredibly diverse opportunities and resources this dynamic city has to offer.

DOUBLE YOUR **OPPORTUNITIES**

Our dual degree and collaborative programmes partner with some of the world's best universities to give students unique opportunities to gain exciting experiences and expand their networks upon graduation. Have the time of your life experiencing two different cultures while achieving two or more degrees from two top universities.

University of British Columbia

Business

2 degrees, 4 years

Capitalise on the strengths of the two world-class business schools and enjoy a wide choice of study options, while gaining experience from distinctive academic and cultural environments in Asia and North America

Sciences Po

Arts, Business Administration, **Social Sciences**

2 degrees, 4 years

Broaden your horizons and earn two degrees in multidisciplinary studies from the two leading universities in France and Hong Kong, while immersing yourself in cultures between Asia and Europe.

Peking University

2 degrees, 5 years

Earn a Bachelor of Laws degree from two leading universities, and pave your way to become a legal practitioner with exposures in Hong Kong and the Mainland.

Economics, Finance, Management 2 degrees, 4 years

Get an opportunity to earn two degrees from the highly acclaimed universities in Southeast Asia, while sharpening business skills and acquiring a global perspective.

KINGD

University of Cambridge

Engineering, Computer Science 3 degrees, 5 years

Gain two bachelor's degrees from the two universities and a Master of Engineering from the University of Cambridge in five years - equip yourself to be a professional engineering and computer science expert at the two top universities in the world.

Natural Sciences

3 or 4 degrees, 4 or 5 years

Selected students in the Bachelor of Science programme can earn 3 or 4 degrees upon successful completion of 2 years of studies at HKU and 2-3 years of studies at Cambridge.

University **College London**

KINGDOM

THE UNIVERSITY OF HONG KONG

2 degrees, 4 years

Extend your networks through learning and working with legal professions in the UK and Hong Kona.

TED

California, Berkeley

Arts, Social Sciences

2 degrees, 4 years

Explore arts and social sciences from two perspectives and gain a cross-cultural experience from renowned universities in the two Bay Areas.

Fast emerging data science and engineering technologies such as data analytics, artificial intelligence, and big data infrastructure boost the transformative impact of big data on businesses, industries and society. This programme covers areas in data science, computing, mathematics, statistics, and law, providing a solid foundation for students to pursue career and research in the data science and data engineering discipline.

Offering both practical and theoretical training, this interdisciplinary programme develops students a unique skill set in humanities and digital technologies. You will be equipped with the skills to drive pioneering work in humanities area of specialisation, with the capacity to think in new ways about technological innovation, and with the ability to build a career in a wide array of fields.

informatics, as well as modern genomic and medical technologies have become necessary knowledge in today's information-focused world. With the flexible design of the programme's curriculum, you will be nurtured as a leader in bioinformatics with professional training in areas such as biomedical sciences, statistics, computer science, and biomedical engineering.

Giving you the knowledge you need to meet the growing demand for talent in the business analytics field, the comprehensive curriculum covers technical and managerial skill sets and teaches a spectrum of courses in information technology, data science, business statistics and management.

Bachelor of Science Marketing Analytics and Technology

Digitalisation and data are changing the world, and this programme will equip you with the skills in technology and marketing know-how to build a career in the digital economy and modern business. With a focus on data, you will gain a solid foundation in cutting-edge technology areas as well as business marketing expertise.

Science Master Class

This highly flexible and comprehensive programme provides a fast track of study and introduces students to research at an early stage, allowing students to get an integrated and diverse research learning experience from elite researchers during their time at HKU. Students will complete two degrees, a Bachelor of Science and a Master of Research, at an accelerated pace.

Global Engineering and Business Programme

Draw on more than one expertise to answer the challenges of our time. Jointly offered by the Faculty of Engineering and the HKU Business School, this interdisciplinary double degree includes core business and engineering subjects, which will equip students with the skills and knowledge necessary to tackle practical challenges within a global context.
